Program overview

STRATEGIES FOR SUCCESS:

A PROGRAM FOR HIGH POTENTIAL WOMEN

Since its inception in 1997, The Commonwealth Institute (TCI) has dedicated itself to helping professional women realize their leadership potential. We serve a diverse group of CEOs, entrepreneurs and corporate executives from companies representing a wide range of industries, both large and small. Our collaborative and unique programs and events are varied and are always focused on helping participants develop personally and professionally.

Strategies for Success is TCI's most well-known development program for corporate women. It is designed to assist corporations to enhance the skills of their high-potential women leaders, helping them acquire the tools they need to become successful senior executives.

Program value - key differentiators

STRUCTURED FOR MAXIMUM EFFECTIVENESS

Each participant attends four half-day sessions, typically over a three month period. This format minimizes disruption to companies and allows each participant to test on the job the critical insights they have learned before returning to the next session.

ONE-ON-ONE MENTORSHIP

A personal mentor with years of executive experience is assigned to each participant. The mentor guides them through business challenges and coach them in creating their professional development plan. In addition, they also gain access to TCI's network of business leaders who are among Boston's most accomplished and influential women.

REAL-TIME, REAL-WORLD SITUATIONS

Each participant spends time solving actual business challenges by working with peers, assessing options, weighing alternatives and agreeing upon solutions. By honing their collaborative and leadership skills, they leave the program with greater self-awareness, increased proficiency and a stronger sense of accountability.

ACTION PLAN FOR SUCCESS

Graduates of Strategies for Success will leave with an individual development plan created with their supervisor's input, directly in line with their company's business objectives.

Program schedule

DAY 1 — THINK LIKE A LEADER

The first day kicks off with an interactive panel discussion featuring distinguished women executives sharing candid leadership experiences. Participants will have the chance to discuss their company's strategies and business priorities to reflect on where they fit within the bigger picture. In this session, participants develop an understanding of the impact their behaviors have on others, and begin the process of defining their personal leadership brand.

DAY 2 — BE A 21ST CENTURY LEADER: FRAMEWORK & ACTION

The second day focuses on four leadership fundamentals - communicating, influencing, delegating, and managing up - and the practical application of these techniques in the workplace. Participants are paired with peers to practice these fundamentals in a safe, supportive environment, and they leave this session with insight into how to inspire and lead others.

DAY 3 — UPGRADE YOUR STATURE, PRESENCE, & COMMAND

The third day stresses the importance of presence and effective communication as a leader. Participants find their authentic voice and are videotaped while formally communicating their company's mission and vision. Presentations are reviewed with peers to solidify areas to work into their personal development plan.

DAY 4 — BE A 21ST CENTURY LEADER: RAISE YOUR EQ

The last day exposes the participants to the concept of Emotional Intelligence and the impact it can have on their personal effectiveness. Participants receive and review individual EQ360 reports based on feedback compiled over the course of the program. They learn how to interpret the feedback and incorporate it into their personal development plan.
